

O-I Partnerships and Memberships

ASIA PACIFIC

APINDO (Association of Indonesian Employers)
Deals with Indonesian labor law and policy.

Association Glass Manufacture Indonesia (APGI)
Represents all glass manufacturers in Indonesia.

Australian Packaging Covenant (APC)
Works with industry partners to deliver improved product stewardship outcomes for packaging in areas like recycling, litter reduction and packaging minimization. O-I is a founding member of APC.

China Daily Glass Association
Promotes economic and technological policies and legislation, safeguards members' rights and interests, informs members on industry related news, and performs tasks as requested by government departments.

Foundation membership of the Australian Council of Recyclers (ACOR)
Australia's peak industry association represents companies involved in recovering secondary resources.

Foundation membership of the Packaging Council of Australia (PCA)
Focuses on issues including environmental matters, international competitiveness, provision of educational materials and industry standards.

Foundation membership of the Packaging Stewardship Forum (PSF)
Focuses on glass recovery, litter and recycling. Key programs include the establishment of glass processing infrastructure, the development of alternative markets for recycled glass and the implementation of public-place recycling initiatives to reduce litter.

Glass Packaging Forum (GPF)
Through the GPF, O-I New Zealand supports Love New Zealand recycling initiatives, directly investing in a number of waste recovery programs throughout the country.

Packaging Council of New Zealand (PCNZ)
Assists members in minimizing the environmental impact of packaging by championing cost effective, sustainable solutions and product stewardship.

Sustainable Business Council (SBC) – New Zealand
An executive-led group of companies that catalyzes the New Zealand business community to have a leading role in creating a sustainable future for business, society and the environment.

Waste Management Institute of New Zealand (WasteMINZ)
Largest representative body of the waste and resource recovery sector in New Zealand. Members include small business operators, councils and large companies.

EUROPE

Asociación Nacional de Fabricantes de Envases de Vidrio – Spain
Represents all glass manufacturers in Spain.

Association of the Glass and Ceramic Industry of the Czech Republic
Represents all glass and ceramic manufacturers in the Czech Republic.

Assovetro – Italy
Represents all glass manufacturers in Italy.

Békés Megyei Iparszövetség – Hungary
Represents and protects the economic interests of its members.

British Glass Manufacturers Confed – Great Britain
Represents all glass manufacturers in Great Britain.

Bundesverband Glasindustrie e.V. – Germany
Represents all glass manufacturers in Germany.

Chambre syndicale des Verreries Mécaniques (Recycling Cullet Group) – France
Represents all glass manufacturers in France.

Csomagolási és Anyagmozgatási Országos Szövetség – Hungary
Also known as the Hungarian Association of Packaging and Materials Handling, social organization of more than 70 manufacturers, distributors and significant user enterprises in the fields of packaging and materials handling.

Czech Beer and Malt Association
Represents the brewing industry and associated activities.

Czech Packaging Institute (SYBA)
The 'over-arching' trade association for the Czech packaging manufacturing industry.

O-I Partnerships and Memberships

EUROPE (CONTINUED)

European Container Glass Federation (FEVE)

As the official voice of the glass container industry in Europe, FEVE promotes glass as an ideal packaging material. Promoting the common interest of members and engaging in dialogue with stakeholders, FEVE champions the position of the industry in the European debate on sustainability and ensures members are informed.

Food Packaging Forum

Provides independent information on issues related to food contact materials and health, and aims to establish a stakeholder dialogue on health and food packaging.

GEM (Groupement des Entreprises Multinationales) – Switzerland

Develops, promotes, represents and protects the common interests of its members in their relations with authorities and the public.

Kamer v Koophandel Rotterdam – Netherlands

Rotterdam's Chamber of Commerce.

Magyar Üvegipari Szövetség – Hungary

Represents all glass manufacturers.

The Packaging Federation – United Kingdom

Serves as the 'over-arching' trade association for the UK Packaging Manufacturing Industry. It is a representative body for companies and organizations in the UK package manufacturing sector and associated activities.

Stazione Sperimentale del Vetro – Italy

Promotes the technological progress of the Italian glass industry through research, investigations and analyses.

Stichting Duurzaam Verpakkingsglas – Netherlands

Monitors waste management and recycling.

Suomen pakkaus yhdistys ry – Finland

Represents the Finnish package manufacturing industry.

Svaz výrobců nealkoholických nápojů – Czech Republic

Represents the non-alcoholic beverage industry and associated activities.

Swiss Chamber of Commerce

Promotes and facilitates better business relations between the U.S. and Switzerland. Provides essential market information, brings business leaders together, and represents mutual interests of members.

Szilikátipari Tudományos Egyesület – Hungary

Promotes the technical, scientific and economic progress of the silicate industry as well as supports the professional development and public activity of the industry's technical and economic experts.

UNIDEN – France

Represents the high energy users in France.

VEMW – Netherlands

Promotes the interests of business customers using electricity, gas and water in the Netherlands. Focused on reliable services and controllable costs.

Vereniging van Nederlandse Glasfabrikanten – Netherlands

Represents all glass manufacturers.

Związek Pracodawców Polskie Szkło – Poland

The Polish Glass Manufacturers Federation represents all glass manufactures in Poland.

O-I Partnerships and Memberships

LATIN AMERICA

ABIVIDRO (Associação Técnica Brasileira das Indústrias Automáticas de Vidro)

Also known as the Brazilian Technical Association of Glass Automatic Industries, seeks to promote and enhance the use of glass and the flow of information from all sectors of the supply chain.

AmCham (La Cámara de Comercio Americana del Perú)

Part of the Association of American Chambers of Commerce in Latin America (AACCLA), AmCham represents Peru, the United States and foreign companies.

ANDI (Asociación Nacional de Empresarios de Colombia)

Promotes the political, economic and social principles of a healthy, free-enterprise system.

Asoenergía – Colombia

Advocates for lower energy costs in line with competing markets in Latin America..

Cámara de industrias de Guayaquil – Ecuador

Supports the industrial development of the city and the country.

Cámara Ecuatoriano Americana de Comercio – Ecuador

Promotes sustainable economic progress of the country by promoting trade and investment with the United States and other countries.

CEMPRE (Compromisso Empresarial para a Reciclagem)

Also known as the Brazilian Business Commitment for Recycling, promotes recycling through publications, technical assistance and seminars. O-I supports CEMPRE organizations in Brazil and Peru.

Fundades: Fundación para el Desarrollo Solidario

Uses proceeds from the sale of recycled glass to help low income children. For more than 11 years, O-I has supported this charitable organization through cullet collection in supermarkets and public places and through the purchase of recycled glass.

RECICLAME: Asociación Civil sin fines de lucro Reciclame (Peruvian CEMPRE)

Leads private companies on recycling matters and provides a point of contact with the government. O-I is a founder and strategic member with a position on the governance body.

SNI (Sociedad Nacional de Industrias)

Follows and promotes the industry interests regarding regulation and governmental affairs. O-I has been a member for nearly 25 years.

United Way – Colombia, Ecuador, Brazil and Peru

Promotes the development of people and communities in need.

NORTH AMERICA

American Institute for Packaging and the Environment (AMERIPEN)

Advocates for industry standards, higher recycling rates and quality material availability for end-market use. Also educates packaging professionals on the benefits of glass.

Beer Institute

Advances industry standards, supports brand owners' policy initiatives and educates members on the benefits of glass.

California Manufacturers and Technology Association (CMTA)

Seeks to advance glass container-related manufacturing policies in California.

Container Recycling Institute (CRI)

Advocates for industry standards, higher recycling rates and quality material availability for end-market use.

Glass Packaging Institute (GPI)

Represents the North American glass container industry. GPI also promotes glass as the optimal packaging choice, advances environmental and recycling policies, advocates industry standards and educates packaging professionals.

Industrial Energy Consumers of America (IECA)

Promotes the interests of manufacturing companies relative to the availability, use and cost of energy and power.

National Association of Manufacturers (NAM)

Advances manufacturing policies related to energy use, energy efficiency, corporate tax, healthcare, skilled labor and sustainability (including recycled material use in the industrial process)

Ohio Manufacturers Association (OMA)

Strives to protect and grow Ohio manufacturing.

The Packaging Consortium (PAC/PAC NEXT)

Advocates for industry standards, higher recycling rates and quality material availability for end-market use. Also educates packaging professionals on the benefits of glass.

Wine Institute

Advances industry standards, supports brand owners' policy initiatives and educates members on the benefits of glass.
